

Career Development Events & Competitions

FFA Career Development Event, or CDE's, are contests that members compete in to test their skills learned through agricultural education instruction.

Students interested in participating on CDE teams may only choose 1 team per section, as the CDEs listed in each section compete on the same day. (Ex: 1 from Winter A, 1 from Winter B)

* = Wamogo FFA has not yet/is not currently participating in these competitions
