IV. Staff Responsibilities and Intervention Strategies

A. Teachers and Other School Staff

School employees who witness acts of bullying, as defined above, or who receive reports of bullying shall promptly notify the Safe School Climate Specialist or another school administrator if the Safe School Climate Specialist is unavailable, not later than one school day after such employee witnesses or receives a report of bullying. A written report must be filed not later than two school days after making such an oral report concerning the events witnessed or reported.

School employees who receive student or parent reports of suspected bullying shall promptly notify the Safe School Climate Specialist of such report(s). If the report is a formal, written complaint, such complaint shall be forwarded promptly (no later than the next school day) to the Safe School Climate Specialist or another school administrator if the Safe School Climate Specialist is unavailable. If the report is an informal complaint by a student that is received by a school employee, he or she shall prepare a succinct written report of the informal complaint, which shall be forwarded promptly (no later than the next school day) to the Safe School Climate Specialist or another school administrator if the Safe School Climate Specialist is unavailable. If the report is an informal complaint by a student that is received by a school employee, this employee shall verbally report the matter to the Safe School Climate Specialist not later than the next school day.

In addition to addressing both informal and formal complaints, school employees and other are encouraged to address the issue of bullying in other interactions with students. Teachers and other professionals may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially-appropriate behavior. All school employees including teachers and other professional employees should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating or intimidating another student, even if such conduct does not meet the formal definition of “bullying.”

B. Responsibilities of the Safe School Climate Specialist

1. Investigation

The Safe School Climate Specialist shall be promptly notified of any formal or informal complaint of suspected bullying received by any school employee. The Safe School Climate Specialist shall investigate or supervise the investigation of reported acts of bullying in the school in accordance with the District's Safe School Climate Plan. All such complaints shall be investigated promptly. The investigation must be completed promptly after the receipt by the Safe School Climate Specialist of any written report. In order to allow the District to adequately investigate all formal complaints, the parent of the student suspected of being bullied must complete a consent form that allows their District to release that student's name to those third parties who the District contacts as part of its investigation of that complaint with regard to the investigation of informal complaints, the parent of the student suspected of being bullied must complete the above-referenced consent form so long as that student has not requested anonymity.

A written report of the investigation shall be prepared when the investigation is complete. Such report shall include findings of fact, a determination of whether acts of bullying were verified, and, when acts of bullying are verified, a recommendation for intervention, including disciplinary action. Where appropriate, written witness statements shall be attached to the report.

The school shall notify parents or guardians of all students involved in a verified act of bullying not later than forty-eight (48) hours after the completion of the investigation. The notice shall be simultaneously mailed to the parent/guardian with whom the student primarily resides and in the case of a divorced/split situation, to the other parent/guardian if requested. The notice must describe the school's response, measures being taken by the school to ensure the safety of the students against whom such act was directed, and any consequences that may result from further acts of bullying.

Notwithstanding the foregoing, when a student making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complainant. Such limitation of investigation may include restricting action to a simple review of the complaint (with or without discussing it with the alleged perpetrator), subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

B. Responsibilities of the Safe School Climate Specialist (continued)

2. Remedial Actions

Verified acts of bullying shall result in intervention by the Building Principal or his/her designee that is intended to address the acts of the perpetrator and the needs of the victim and to assure that the prohibition against bullying behavior is enforced, with the goal that any such bullying behavior will end as a result.

Bullying behavior can take many forms and can vary dramatically in how serious it is, and what impact it has on the victim and other students. Accordingly, there is no one prescribed response to verified acts of bullying. While conduct that rises to the level of “bullying” as defined above will generally warrant disciplinary action against the perpetrator of such bullying, whether and to what extent to impose disciplinary action (detention, in-school suspension; suspension or expulsion) is a matter for the professional discretion of the Building Principal (or responsible program administrator or his/her designee.) The following sets forth possible interventions for building principals to enforce the Board’s prohibition against bullying. No disciplinary action may be taken solely on the basis of an anonymous complaint.

The following sets forth permissible interventions for building principals (or other responsible program administrators) to enforce the Board’s prohibition against bullying.

a. Non-disciplinary Interventions

When verified acts of bullying are identified early and/or when such verified acts of bullying do not reasonably require a disciplinary response, students may be counseled as to the definition of bullying, its prohibition, and their duty to avoid any conduct that could be considered bullying.

If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

2. Remedial Actions

a. Non-disciplinary Interventions (continued)

In any instance in which bullying is verified, the building Principal (or other responsible program administrator) shall invite the parents or guardians of the student against whom such act was directed, and the parents or guardians of a student who commits any verified act of bullying, to a meeting to communicate to such parents or guardians the measures being taken by the school to ensure the student's safety and to prevent further acts of bullying. In the discretion of the building Principal or other responsible program administrator, the meeting(s) described in this section may be held jointly or separately. (The SDE recommends such meetings to be separate)

b. Disciplinary Interventions

When acts of bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

In-school suspension and suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation, in accordance with the Board's Student Discipline policy.

Expulsion may be imposed only after a hearing before the Board of Education, a committee of the Board or an impartial hearing officer designated by the Board of Education in accordance with Board policy. This consequence shall be reserved for serious incidents of bullying and/or when past interventions have not been successful in eliminating bullying behavior.

3. General Prevention and Intervention Strategies

A focus will be placed on district and school efforts to improve school climate based upon the National School Climate Standards.

V. Reporting Obligations

A. Report to the Parent or Guardian of the Perpetrator

If after investigation, acts of bullying by a specific student are verified, not later than forty-eight (48) hours after the completion of the investigation, the Building Principal/Safe School Climate Specialist or his/her designee shall notify the parent or guardian of the perpetrator in writing of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in such notification. In addition, the school shall invite the parent/guardian of a student who commits any verified act of bullying (after the completion of the investigation) to a meeting to communicate to the parents/guardians the measures being taken by the school to ensure the safety and measures being taken by the school to ensure the student's safety and to prevent further acts of bullying. V. Reporting Obligations (continued)

B. Reports to the Targeted Student and his/her Parent or Guardian

If after investigation, acts of bullying against a specific student are verified, the Building Principal/Safe Climate Specialist or his/her designee shall notify the parent or guardian of the victim of such finding, not later than forty-eight (48) hours after the completion of the investigation. In providing such notification, care must be taken to respect the statutory privacy rights of the perpetrator of such bullying. The specific disciplinary consequences imposed on the perpetrator, as reflected in the student's educational records, shall not be disclosed to the parents or guardian of the victim, except as provided by law (e.g., court order/subpoena). In addition, the school shall invite the parent/guardian of the student against whom the verified act of bullying was directed, after the completion of the investigation, to a meeting to communicate to the parents/guardians the measures being taken by the school to ensure the safety and measures being taken by the school to ensure the targeted student's safety and to prevent further acts of bullying. The list shall be reported annually to the Department of Education in such manner as prescribed by the Commissioner of Education. Given that any determination of bullying involves repeated acts over time, each report prepared in accordance with Section III (1) above that includes verified acts of bullying shall be tallied as one verified act of bullying unless the specific actions that are the subject of the report involve separate and distinct acts of bullying. The list shall be limited to the number of such verified acts of bullying in the school, and it shall not set out the particulars of each verified act, including but not limited to any personally identifiable student information, which is confidential information by law.

VI. Prohibition against Discrimination and Retaliation

A. Safety

Discrimination and/or retaliation against any person who reports bullying, provides information during an investigation of an act of bullying, or witnesses or has reliable information about bullying is prohibited.

The continuation and perpetuation of bullying of a student through the dissemination of hurtful or demeaning material by any other student is prohibited.

The District will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyberbullying, discrimination or retaliation in our school buildings, on school grounds, or in school related activities. All reports and complaints of bullying, cyberbullying, discrimination and retaliation will be investigated promptly and prompt action will be taken to end that behavior and restore the student's against whom such bullying was directed (target's) sense of safety. This commitment is to be supported in all aspects of the school community, including curricula, instructional programs, staff development, extracurricular activities, and parent/guardian involvement.

Before formally investigating the allegations of bullying, discrimination or retaliation, the Principal/Safe School Climate Specialist or designee will take steps to assess the need to restore a sense of safety to the alleged student against whom such bullying was directed (target) and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but are not limited to, creating a personal safety plan; pre-determining seating arrangements for the alleged victim (target) and/or the alleged perpetrator in the classroom, at lunch, or on the bus; identifying a staff member who will act as a "safe person" for the alleged student against whom such bullying was directed (target); and altering the alleged perpetrator's schedule and access to the alleged target. The Principal/Safe School Climate Specialist will take additional steps to promote safety during the course of and after the investigation, as necessary.

The Principal/Safe School Climate Specialist will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

Students

Bullying (continued)

X. Bullying Through the Use of Technology (Cyberbullying)

An emerging form of bullying is the use of technology to threaten, intimidate, ridicule, humiliate, insult, or harass. Technology enables aggressive expression toward others and does not rely on physical strength or physical contact. By using a cell phone or the Internet, a student can quickly and aggressively spread rumors, threats, hate mail, or embarrassing photos through text messages, e-mails, or instant messages.

There are a number of social networking sites (MySpace, Facebook, Twitter, etc.) available to our students that can be misused and/or abused for bullying purposes. Any alleged misuse or abuse must be reported to any staff member or the Safe School Climate Specialist.

The District's discipline policy states that misuse, on or off campus, of electronic devices, for threatening/bullying/hazing or harassment is a violation and can be the basis for discipline on or off campus. When information is received that a student or students are involved in bullying through the use of technology either as the actor or a member of a group, or the victim, the following will be considered:

If it takes place on campus or at a school sponsored event, disciplinary action will be taken.

If it takes place off campus a school may take disciplinary action if the incident poses a likelihood of substantial disruption to the educational process or the orderly day to day operations of the school.

XI. Relationship to Other Laws

- A. Consistent with state and federal laws, and the policies of the district and school rules, no person shall be discriminated against in admission to a public school of any town or in obtaining the advantages, privilege and courses of study of such public school on account of race, color gender, religion, national origin, or sexual orientation. Nothing in the "Plan" prevents the school or district from taking action to remediate discrimination or harassment based on a person's membership in a legally protected category under local, state, or federal law, or district policies.
- B. In addition, nothing in the "Plan" is designed or intended to limit the authority of the school or district to take disciplinary action under applicable laws, or local school or District policies in response to violent, harmful, or disruptive behavior, regardless of whether the "Plan" covers the behavior.

Students

Bullying (continued)

XII. Immunity for Board of Education, School Employees, Others

Members of the Board of Education and school employees are protected by statute against damage claims in the implementation of a safe school climate plan and, in accordance with a school district safe school climate plan, report, investigate, or respond to bullying. PA 11-232 also extends this immunity to reports of bullying incidents by parents, students, and others to a school employee according to a safe school climate plan.

To be immune, these parties must act in good faith and, in the case of a school employee or Board of Education, within the scope of their duties. The immunity does not cover gross, wanton, reckless, or willful misconduct.

MODEL ANNUAL BULLYING NOTICE

[State Law requires that boards of education notify students annually of the process by which they may anonymously report acts of bullying to school employees. We suggest that this notice be included in a student handbook.]

Bullying behavior by any student in the Regional School District No. 6 Public Schools is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. “Bullying” means the repeated use by one or more students of a written, oral or electronic communication, such as cyberbullying, directed at or referring to another student attending school in the same school district or a physical act or gesture by one or more students repeatedly directed at another student attending school in the same school district that:

- A. Causes physical or emotional harm to such student or damage to such student’s property,
- B. Places such student in reasonable fear of harm to himself or herself, or of damage to his or her property,
- C. Creates a hostile environment at school for such student,
- D. Infringes on the rights of such student at school, or
- E. Substantially disrupts the education process or the orderly operation of a school.

Bullying shall include, but not be limited to, a written, verbal or electronic communication or physical act or gesture based on any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance, or physical, mental, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics.

Students who engage in any act of bullying, on school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by the Board of Education, or through the use of an electronic device or an electronic mobile device owned, leased or used by the Board of Education, and outside of the school setting if such bullying:

- A. Creates a hostile environment at school for the victim,
- B. Infringes on the rights of the victim at school, or
- C. Substantially disrupts the education process or the orderly operation of a school.

Students and/or parents may file verbal or written complaints concerning suspected bullying behavior, and students shall be permitted to anonymously report acts of bullying to school employees. Any report of suspected bullying behavior will be promptly reviewed. If acts of bullying are verified, prompt disciplinary action may be taken against the perpetrator, consistent with his/her rights of due process. Board policy and regulation #5131.911 set forth this prohibition and the related procedures in detail, and are available to students and their parents/guardians upon request.
